

# TRANZFORM<sup>®</sup> SPACE & SOUND Wall Panel Options

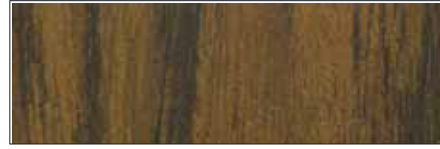

TranZform Space Model ESP10, TranZform Sound Model ESP20

We go to extremes to provide finished products that will satisfy our customers for the long run. In addition to delivering products that are durable, easy to operate and maintain, overall aesthetics are equally important. Along with an array of available wall panel finish options, we are diligent on having the colored vinyl connecting hinges and powder coated upright members compliment the customer selected panel finish. Top and bottom sweep seals are provided in neutral flat black to compliment all panel finishes.
